## APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is granted subject to all existing rights on the source. It is understood that in addition to the summer use as hereinafter designated, the permittee will be entitled to intermittent use during the non-summer season on the basis of not to exceed fifty gallons of water per capita per day. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.001

cubic foot per second, and not to exceed 650 gallons per day between June 1st and September 15th of each year.

Actual construction work shall begin on or before June 11, 1951

Proof of commencement of work shall be filed before July 11, 1951

Work must be prosecuted with reasonable diligence and be completed on or before June 11, 1952

Proof of completion of work shall be filed before July 11, 1952

Application of water to beneficial use shall be made on or before

June 11, 1953

Proof of the application of water to beneficial use must be filed with State Engineer on or before July 11, 1953
